## About The Instructor

Hi There

I'm Sue Michaels, owner and creative spirit of Dragonfly Fiberart. I'm a life-long fiber junky, having started my sewing and crafting addiction at the industrious young age of four! Although I have always sewn, my serious quilting began about 35 years ago. I have designed and published patterns for both quilts and bags for about 20 years.

I enjoy teaching workshops and classes the most, but also enjoy developing my own unique designs and patterns. I continually explore new quilting and crafting trends as well as techniques to keep my creative ideas fresh and innovative. My Fast & Fabulous Pattern Cards are just one example of how my products are helping quilting enthusiasts create fabulous fiber masterpieces in the least amount of time possible.

I also love to garden, travel, spend time with friends and family as well as my fur babies, Merlin and Luna! They are very 'helpful' in the studio when I am quilting. LOL!

I always welcome the opportunity to share my passion for fiber arts with others, especially if I can help them enjoy a rewarding and successful crafting/sewing experience. And, quilters become the best of friends!

I look forward to meeting you and creating something wonderful with you!
